# ***FIN, FEATHER & FUR CONSERVATION SOCIETY***

## **Established in 1939**

At our 374 acre complex, in the Town of Lewiston, we take pride in our organized activities, which includes: shooting sports, archery, fishing, hunting, bird watching, x-country skiing and a variety of social events.

Our facility invites you to bring your entire family to enjoy a total outdoor experience.

## **Conservation**

Conservation is a very important part of the Three-F Club. Some of our members study birds and waterfowl through their Spring and Fall migration. You can get an up close and personal view of some of the most interesting birds in the region. Caught in a mist net, data is taken and leg bands are installed. The birds are then released for future study.

By planting pine trees, wild flower and clover, we contribute to the natural habitat. In addition, ponds have been created for nesting waterfowl.

## **Ponds**

There are four ponds on our property for your enjoyment. The largest is a 32 acre lake stocked with Large Mouth Bass and Pan Fish. All of the ponds can be used for bird watching, duck hunting, dog training and fishing.

## **Pheasant Hunting**

(Optional Program)

Our Pheasant program allows members to purchase various packages of birds, which are released for hunting. The size of the package can vary depending on individual interest. As the Three-F Club is non-profit, we are able to keep the cost of these packages low for our membership.

The birds are released prior to the members scheduled day of hunting. Bird releases are held on Saturday, Sunday, Tuesday and Thursday. Special packages can be arranged for other days.

## **Pavilion**

A newly constructed 40 X 100 foot pavilion is located adjacent to the clubhouse. It is available for large parties, wedding receptions, company picnics and other events.

10/03-JC

## **Shotgun**

Shotgun shooters will enjoy our 5 skeet fields and 2 trap fields. Organized winter skeet leagues last 20 weeks, followed by an awards banquet. Our 10 week summer league varies to include skeet and trap.

## **Indoor Pistol Range**

Our 50 foot range, designed for pistol and small caliber rifles, has 5 shooting stations, each with mechanical target transporters, making it unnecessary to leave the shooting line to change targets. It is well ventilated and has excellent lighting.

## **Outdoor Rifle & Pistol Range**

The Club's outdoor range is located to the west of the clubhouse and allows for shooting for various distances, up to 200 yards.

## **Archery**

The outdoor course rambles through pines and hardwoods. It has 40 3-D targets and 14 excelsior bales to accommodate all types of shooting. In addition, 5 practice targets are available for general use.

During the winter months we convert the pavilion to an insulated indoor shooting range. Range activities include; a 20-yard league and 3-D target shooting, with targets placed in a setting of hay bales and pine trees. Truly a unique atmosphere for the indoor shooter. Our Pro-Staff archery shooters will gladly share their expertise to help archers, young and old improve their skills.

## **Social Activities**

The Three-F Club has sponsored numerous activities including Christmas parties, dances, ice skating, family picnics, canoe racing, wine and cheese tasting and much more. There is truly something for everyone!

**For more information call the Club at 754-2293**

**“Join the Three-F Family and  
become partners in Conservation.”**
